OUR CPD POLICY - PURPOSE

For the purposes of compliance with “Corporations (Relevant Providers Continuing Professional Development Standard) Determination 2018” (as amended from time to time) (“the Legislative Instrument”).

OUR APPROACH TO CPD

Our approach shall be to:

- (i) set reasonable CPD requirements for each of our ‘relevant providers’; and
- (ii) actively assess performance against those requirements throughout the CPD year.

CPD is considered a learning process and is ongoing. Guardian defines CPD as an array of learning activities designed to further develop and maintain competencies throughout the career of our ‘relevant providers’.

We believe it is an integral part of our professional framework to ensure ‘relevant providers’ retain their capacity to service our clients professionally. CPD training not only grows and expands new knowledge, but ensures technical knowledge remains current.

It provides us with a tool to assess a ‘relevant provider’s’ professionalism and allows us to be able to continue to provide our clients with the highest level of service possible.

BACKGROUND

As an AFSL holder, Guardian must develop, adopt and maintain a written CPD Policy. The CPD Policy must:

- Specify the CPD year.
- Set out our overall approach to our CPD obligations, including those of our ‘relevant providers’.
- Describe how we will:
 - ❖ Determine how ‘relevant providers’ returning from breaks will have their CPD plans managed.
 - ❖ Monitor implementation of CPD plans by ‘relevant providers’.
 - ❖ Assess and approve at least 70% of all of each ‘relevant providers’ CPD activities.
 - ❖ Ensure that our ‘relevant providers’ complete 70% of approved CPD activities.
 - ❖ Check compliance with the CPD Policy and the Legislative Instrument controlling it.
 - ❖ Record and maintain evidence of completion of, and outcomes of qualifying CPD activities.
 - ❖ Ensure all records required by the Legislative Instrument are completed and maintained.

POLICY TERM

Our CPD year shall correspond with our reporting Financial Year, being 1 July each year through to 30 June the following year.

This Policy and 'relevant provider' plans will be reviewed in June each year, with new 'relevant provider' plans set for the following CPD year by 30th June.

CPD PLANS

Each 'relevant provider' must prepare a CPD Plan for each CPD year and may amend it at any time.

Each CPD Plan is required to be in writing and must:

- Identify areas for improvement in, and development and extension of the 'relevant providers' competence, knowledge, skills; and
- Describe the qualifying CPD activities the provider will complete during the CPD year to achieve those improvements.

POLICY SPECIFICS

Returning from breaks

If a 'relevant provider' returns to work after a break their CPD Plan shall be drawn so as to pro-rata requirements for the relevant year of return according to the calendar month of return to work.

Monitoring implementation of CPD plans

Each quarter (as a minimum) we will assess performance towards CPD goals.

If we form the view that unacceptable gaps have developed or look likely to develop we will caution the 'relevant provider' to attend to their CPD more promptly and monitor them monthly for the following quarter.

Assessing and approving a minimum of 70% of CPD activities for each 'relevant provider'

For the purpose of section 8 of the Legislative Instrument we will annually assess and approve a minimum of 70% of each of its relevant provider's CPD for them to complete as part of their CPD Plan as qualifying CPD activities as defined by section 7 of the Legislative Instrument.

Ensuring completion of these CPD activities by each 'relevant provider'
